RESOURCE LEARNING CENTER

Supporting your child with learning differences

GRADES K-12

You always want what's best for your child, but when it comes to specialized educational needs, *you may not know how to help.*

That's where the Resource Learning Center comes in. We work with students in small group classes so that they can **catch up with their peers, stay active** in our Christian community, and **build self-confidence**.

The RLC provides specialized classes in Resource Math and Resource English, designed for students with specific learning disabilities or diagnoses that impact their academic performance.

These classes are integrated into the regular grade-level schedule, enabling students to take up to four resource classes while fulfilling other academic requirements.

Eligible Students

PROSPECTIVE STUDENTS must provide a current IEP and psycho-educational testing documentation, including copies of the original evaluation.

CURRENT STUDENTS are evaluated by an educational psychologist for IQ and achievement testing.

Support Offered

FEEL SAFE, KNOWN, AND LOVED with the right amount of individual attention from dedicated teachers and assistants.

Accommodations and Modifications which include but are not limited to:

- Oral and separate testing
- Small group testing
- Modified homework and assessments
- Copy of teachers notes
- Tutorial time throughout the week
- Altered curriculum when needed

"The goal of the program is to encourage and come alongside students who may become frustrated with learning by helping them discover their true potential. Students will gain confidence and independence in the classroom and develop a strong foundation in the Gospel."
